State and Local Implementation Grant Program

- **Amount:** \$135 million for states and territories
- **Formula:** population and square mile area factors weighed
- **Montana Allocation:** **\$1,816,415** **Federal**
- **20% =** **454,104** **State/Local In-kind**
- **Total Program =** **\$2,270,519** **Total Program**
- **Term of grant = 3 years from Notification of Grant Award (NGA) (expected mid-July or early August—NTIA/NIST making “rolling awards”)**
- **State/local 20% share can be cash or in-kind services such as salaries or goods and services expensed in the program. In-kind must be documented by payroll timesheets and/or other receipts that are recorded. In-kind has to be from a non-federal source.**
- **Special Conditions:** NTIA is reserving ½ of the funds = \$908,208. The use of these funds will be determined by FirstNet when it is prepared to make “data calls” to the states regarding existing broadband infrastructure, namely publically owned infrastructure, coverage areas, coverage challenges, etc.
